

The student discovers Viva Calendar from the UNCC Webpage.

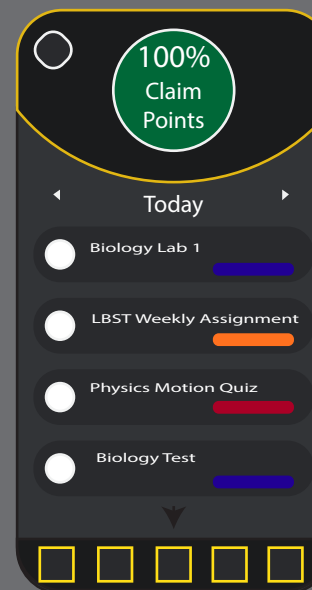

The entry page displays a sign up screen for the student to input information.

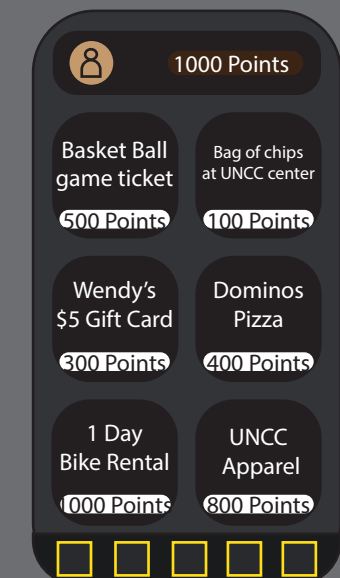

The in-app tutorial shows the student how to use and navigate the app.

The app autofills the student's assignments and activities that are due on the respective date.

Once the student checks off all the work due on the respective day, they can claim the points.

The Student uses the points to buy items from the point store.
